**Step 1)** Start with the white side of the paper facing up.

45°

**Step 2)** Turn the paper 45° clockwise and fold it diagonally.
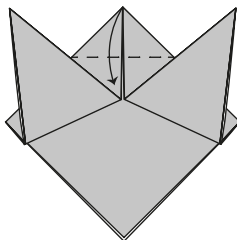

Its looks like this

Step 3) Fold the left and right corners towards the bottom corner along the dotted lines.
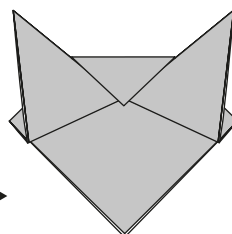

Step 4) Valley fold the top flaps along the dotted lines to create the cat's ears.
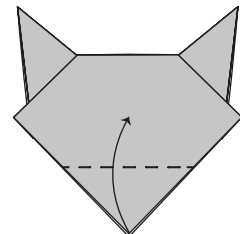

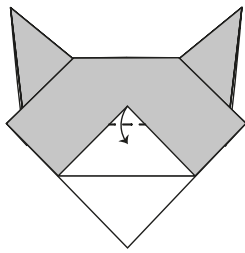

Its looks like this

**Step 5)** Fold the top corner down along the dotted line.
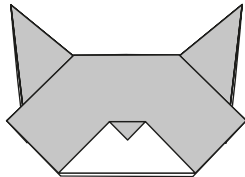

Its looks like this

Step 6) Turn the model over, then fold the bottom layer up along the dotted line.

Step 7) Fold the tip of the top layer down along the dotted line to create the cat's nose.

Step 8) Lift the bottom corner and tuck it inside the model. Fold at the same level as the crease created in Step 5.

Completed model!
