Step 1) Start with the white side up. Fold in half diagonally and unfold.

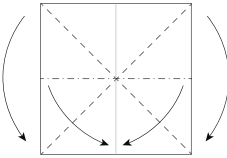

Step 2) Fold in half diagonally the other way and unfold. Turn the paper over.

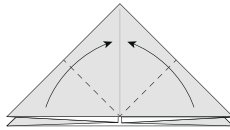

Step 3) Fold in half vertically and unfold.

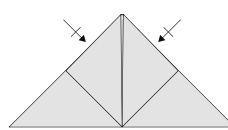

Step 4) Fold in half horizontally and unfold. Turn the paper over.

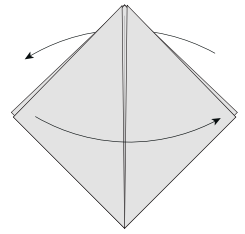

Step 5) Collapse the model into a Water-bomb Base.

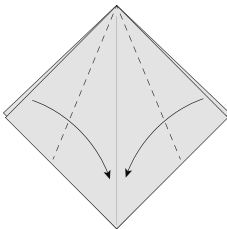

Step 6) Fold the bottom corners of the top layer up to the center line.

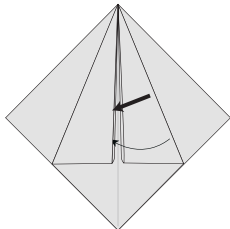

Step 7) Turn the model over and repeat step 6.

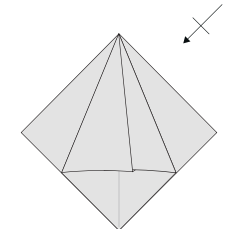

Step 8) Flip one flap to the right in the front and back.

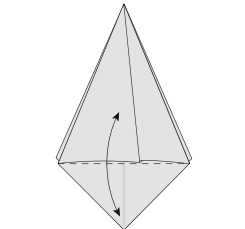

Step 9) Fold the flaps of the top layers slightly past the center line.

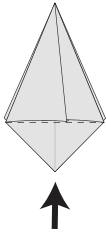

Step 10) Open up the left 'pocket', and insert the right flap inside.

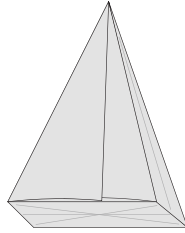

Step 11) Turn the model over and repeat steps 9-10.

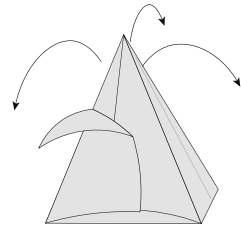

Step 12) Fold and unfold the bottom section from both sides.

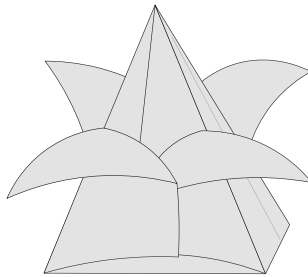

Step 13) Blow into the bottom hole to inflate and flatten the model. The bottom should be a square shape.

Folding tip: If the balloon doesn't inflate, try pinching the top while blowing. If it still doesn't work, gently flatten the bottom with one finger.

Step 14 Peel out all 4 outer layers to create the petals.

Completed model!
