STEP 1: Start with the white side of the paper facing up. Fold in half vertically, then unfold.
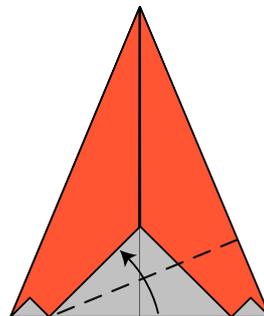

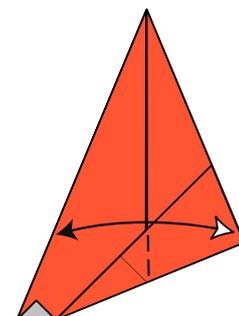

STEP 2: Fold the top edges to the centerline.

**STEP 3:** Fold the top edges to the centerline again.

**STEP 4:** Fold the two flaps sticking out at the bottom upward.

**STEP 5:** Fold the right part bottom edge up to where the colored and white sides meet.

STEP 6: Fold the model in half. Only crease the bottom part, then unfold.
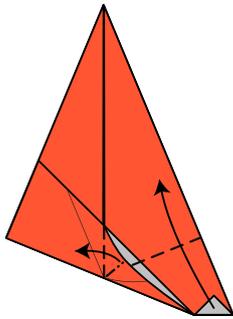

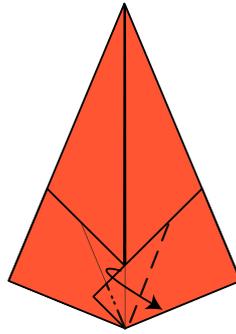

STEP 7: Unfold Step 5.
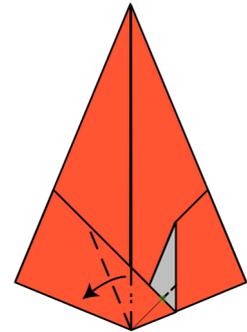

STEP 8: Repeat Step 5 on the left side.
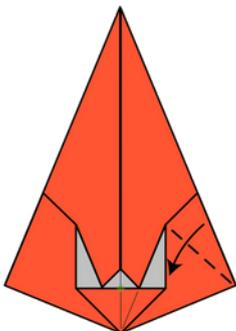

STEP 9: Repeat Step 6.

STEP 10: Gently open the bottom flap as shown and fold the bottom right corner up along the existing crease. Part of the flap will shift to the left.
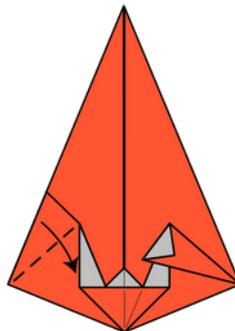

STEP 11: Fold the flap you just made along the existing creases. This time, move it to the right.
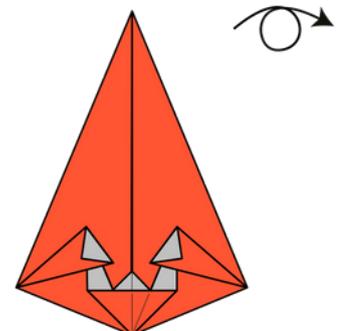

**STEP 12:** Repeat on the left side, then squash fold the top flap to flatten.

**STEP 13:** Fold the top flap's right corner down along the dashed line.

**STEP 14:** Repeat on the left side.
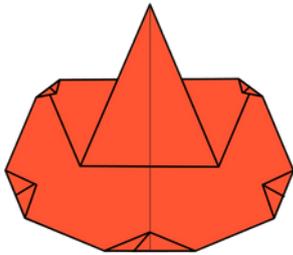

STEP 15: Turn the model over.
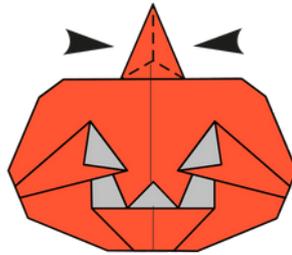

STEP 16: Fold the top corner down.

STEP 17: Fold the bottom corner up. It should stick out. This will become the pumpkin stem.

**STEP 18:** Slightly fold each corner of the pumpkin inward to round the shape.

STEP 19: Turn the model over.

STEP 20: Pinch the stem to make it thinner.

STEP 21: Shape the stem however you like.
