STEP 1: Start with the white side of the paper facing up in a diamond position. Fold and unfold both diagonals.

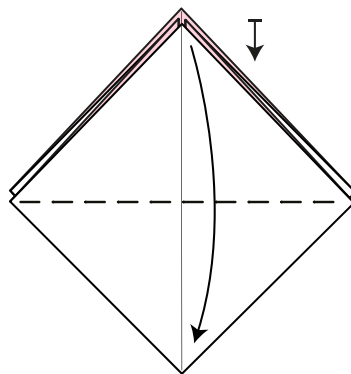

STEP 2: Turn the paper over.

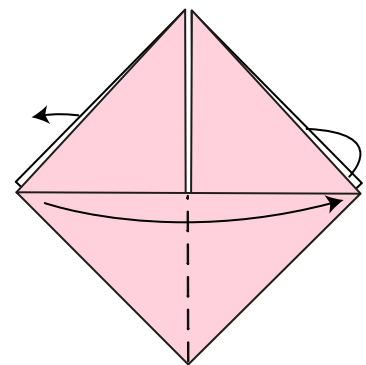

STEP 3: Fold and unfold from side to side, left and right.

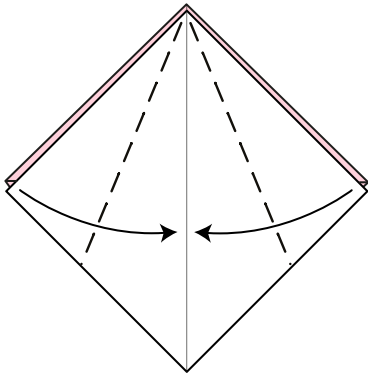

STEP 4: Collapse the paper along the existing creases, bringing the corners together from bottom to top, to form a square base.

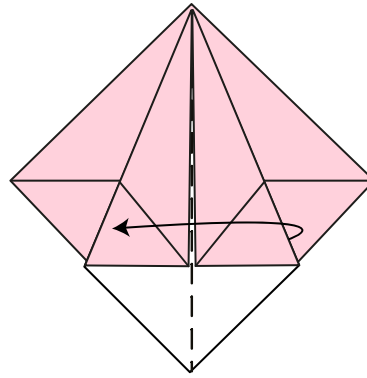

STEP 5: Fold the top corner down to meet the bottom corner (just one layer). Repeat on the other side.

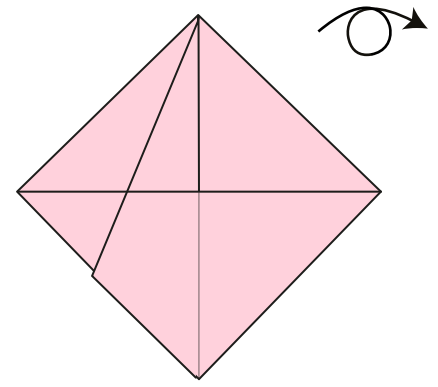

STEP 6: Flip the top left flap over to the right. Repeat on the other side.

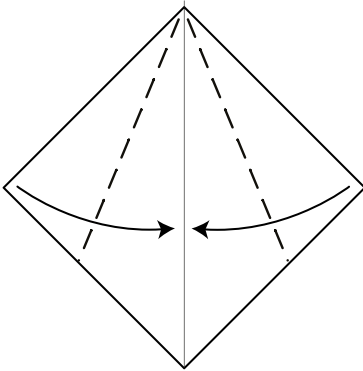

STEP 7: Fold the top left and right edges in to meet the centerline.

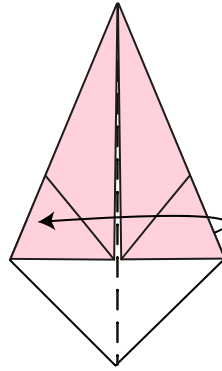

STEP 8: Flip the top right flap over to the left.

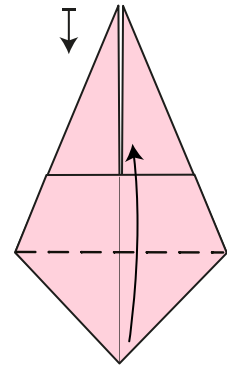

STEP 9: Turn the model over.

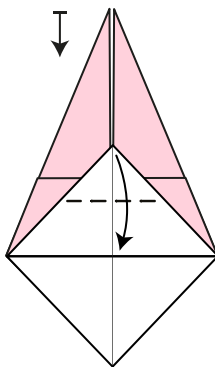

STEP 10: Fold the top left and right edges in to the centerline, just like before.

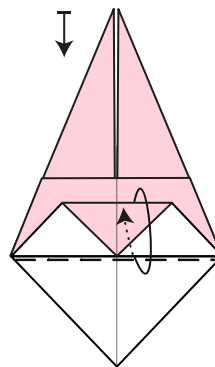

STEP 11: Flip the top right flap over to the left.

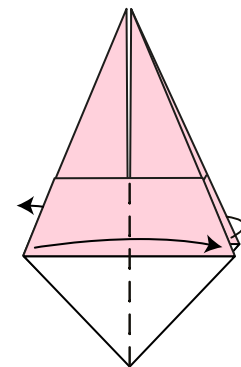

STEP 12: Fold the bottom corner up (just one layer). The crease should run from the left to the right corner. Repeat on the other side.

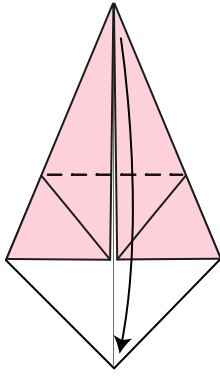

STEP 13: Fold the top flap's top corner down to meet the nearest horizontal line.

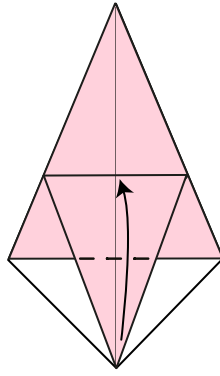

STEP 14: Tuck the top flap into the pocket underneath.

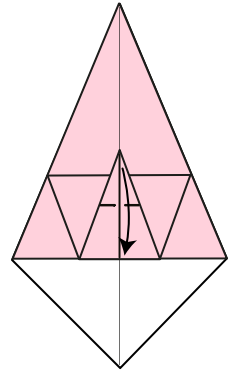

STEP 15: Flip the top left flap to the right. Repeat on the other side.

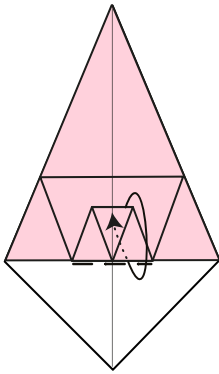

STEP 16: Fold the top corner down to meet the bottom corner.

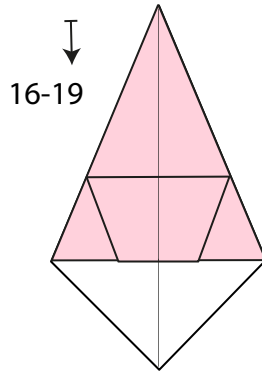

STEP 17: Fold the top flap's bottom corner up. Your crease should line up with the bottom edge of the layer beneath.

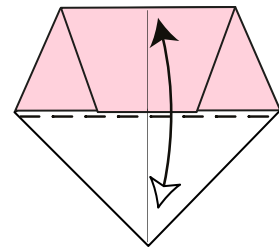

STEP 18: Fold the top flap's top corner down to meet the nearest horizontal line.

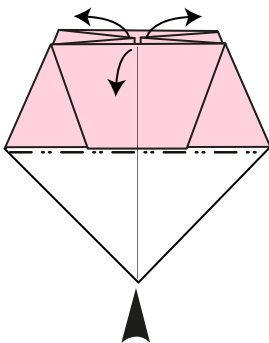

STEP 19: Tuck the top flap into the pocket underneath.

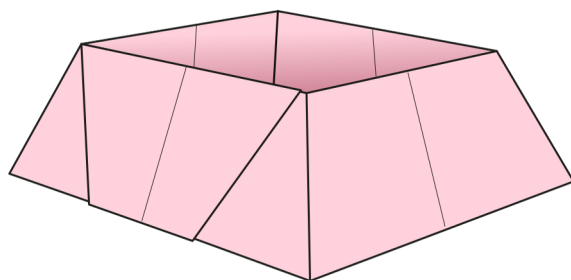

STEP 20: Repeat Steps 16 to 19 on the other side.

STEP 21: Fold the bottom corner up along the central horizontal line. Crease well, then unfold.

STEP 22: Open the box by gently spreading the top layers apart. At the same time, push the bottom section upward to flatten it into shape.

The completed origami candy box!
