**STEP 1:** Start with a 2x1 rectangle (half of a square) with the colored side facing up. Fold and unfold the paper in half both vertically and horizontally. Then, turn the paper over.

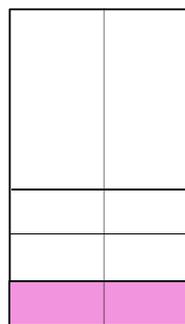

**STEP 2:** Fold the bottom edge up to the centerline.

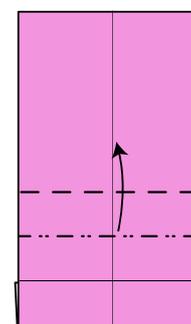

**STEP 3:** Fold and unfold the bottom edge to the nearest horizontal line (A). Then, unfold everything (B).

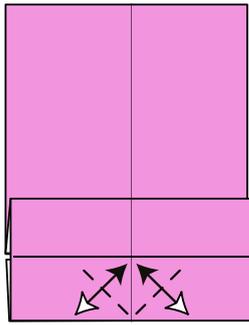

**STEP 4:** Fold the bottom edge up along the crease you just made.

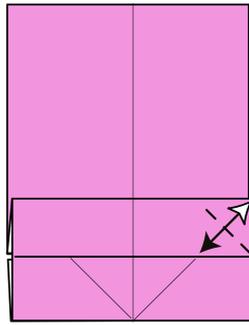

**STEP 5:** Turn the paper over.

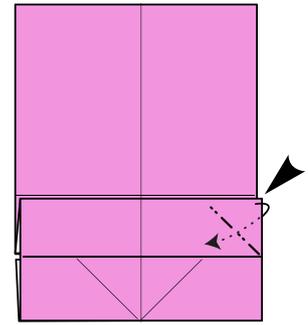

**STEP 6:** Pleat fold as shown.

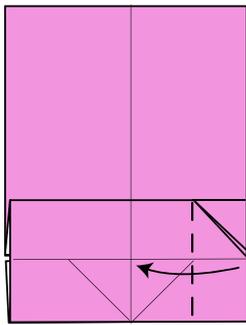

**STEP 7:** Fold and unfold the bottom corners inward to meet the vertical centerline. Crease only the bottom section as shown in the diagram.

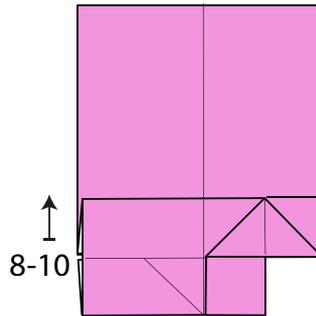

**STEP 8:** Fold the top right corner of the top flap down to meet the nearest horizontal line. Then, unfold.

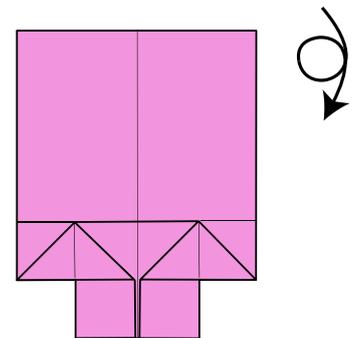

**STEP 9:** Inside reverse fold along the crease you just made.

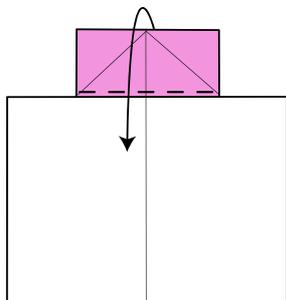

**STEP 10:** Fold the flap you just created to the left.

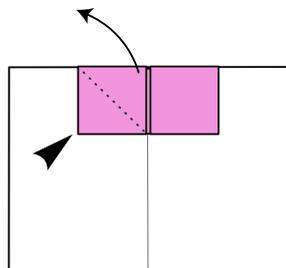

**STEP 11:** Repeat Steps 8 to 10 on the left side.

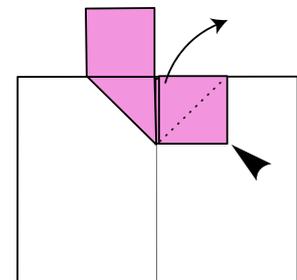

**STEP 12:** Turn the model over from top to bottom.

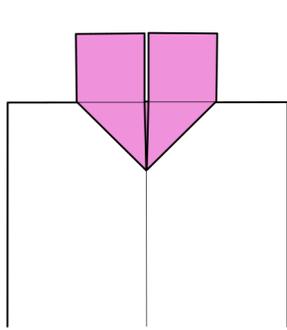

**STEP 13:** Fold the colored flap down.

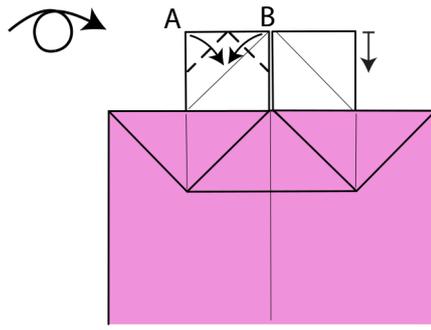

**STEP 14:** Lift the top square flap and make a swivel fold by pushing its bottom left corner in and rotating the square upward.

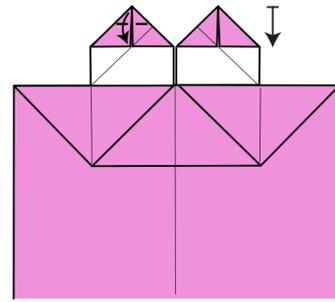

**STEP 15:** Repeat Step 14 on the right side.

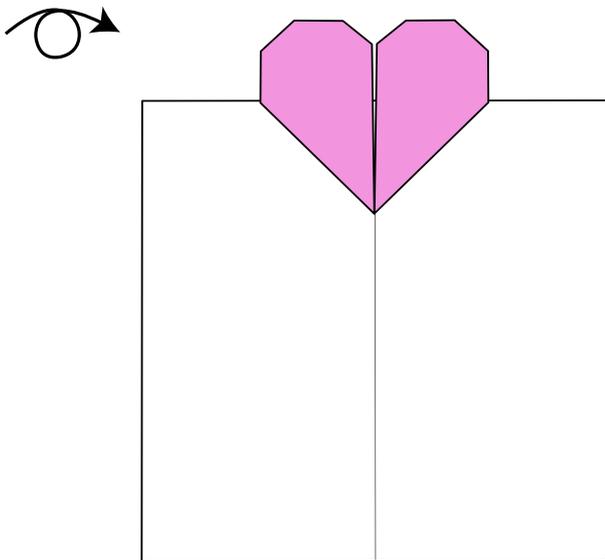

**STEP 16:** Turn the model over.

**STEP 17:** For each square area, fold the top corners inward so they meet at the center.

**STEP 18:** Fold the top corners down to meet the nearest horizontal line.

**The completed origami heart card!**
