STEP 1: Start with the colored side facing up in a diamond position. Fold and unfold both diagonals.

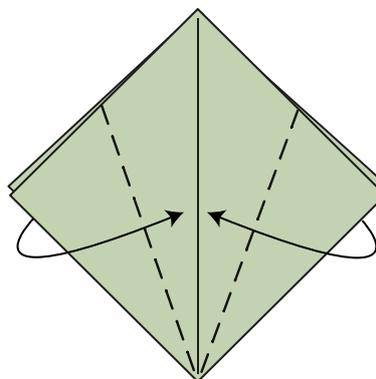

STEP 2: Turn the paper over.

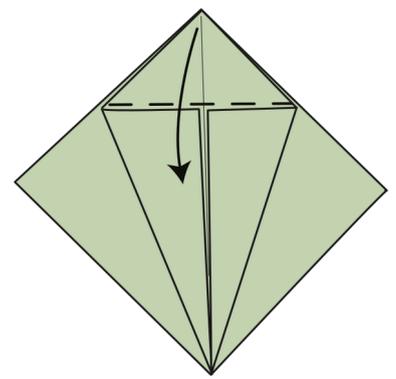

STEP 3: Fold and unfold the paper in half horizontally and vertically.

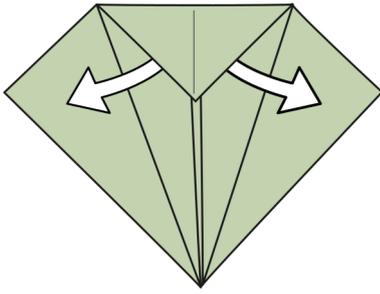

STEP 4: Bring the left and right corners down to the bottom corner. Collapse the paper into a Square base using the existing creases.

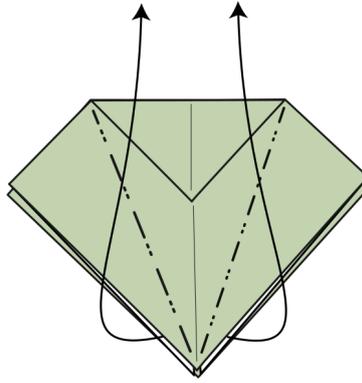

STEP 5: Fold the top flap's left and right edges to the vertical centerline.

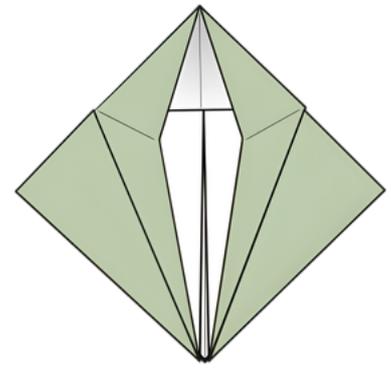

STEP 6: Fold the top corner down so it aligns with the top edges you created in Step 5.

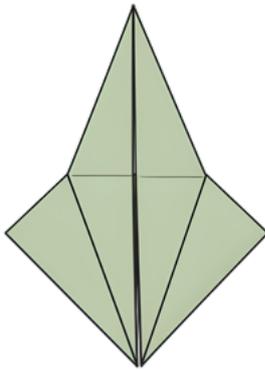

STEP 7: Unfold the folds from Step 5.

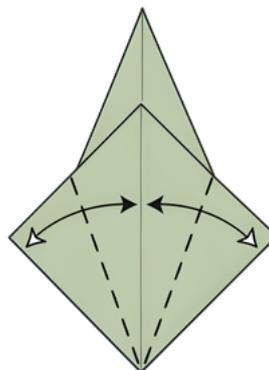

STEP 8: Lift the top layer and bring the bottom corner up to form a Petal fold. The outer edges should meet the vertical centerline.

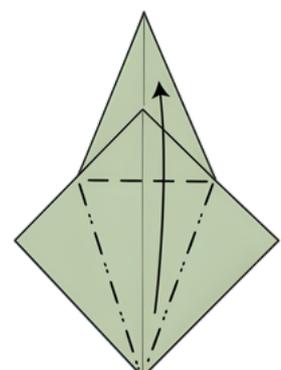

Petal fold in progress.

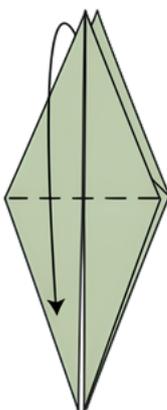

STEP 9: Turn the model over.

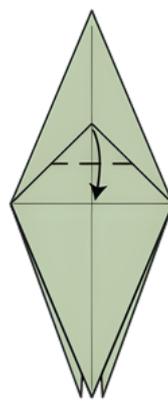

STEP 10: Fold and unfold the left and right edges to meet the vertical centerline.

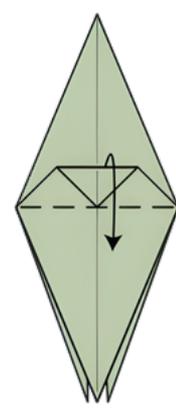

STEP 11: Just like in Step 8, lift the top layer and bring the bottom corner up to form another Petal fold.

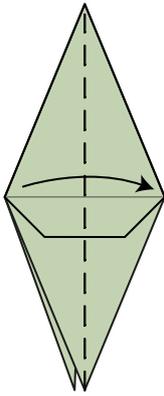

STEP 12: Fold the top flap down along the existing crease.

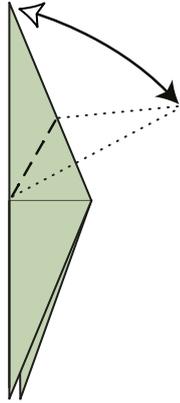

STEP 13: Fold the top corner of the middle flap down to the horizontal centerline.

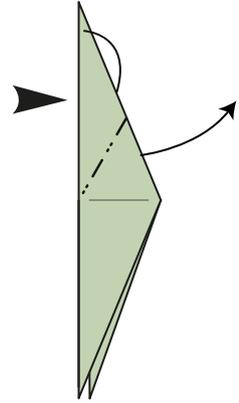

STEP 14: Fold the middle flap down along the horizontal centerline.

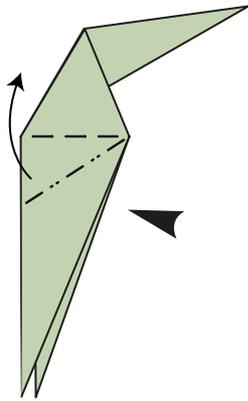

STEP 15: Fold the model in half from left to right.

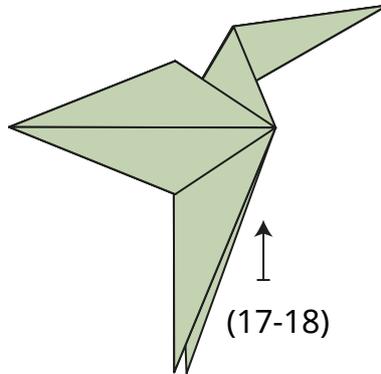

STEP 16: Fold the top corner to the right. Start your crease from the horizontal centerline. Crease well, then unfold.

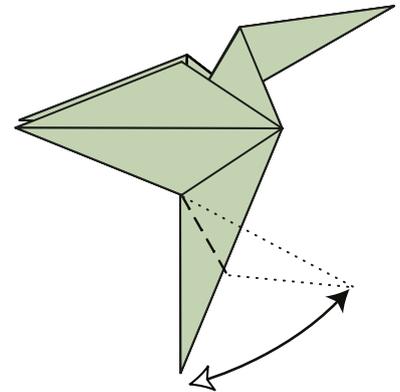

STEP 17: Inside reverse fold along the creases you just made to form the head.

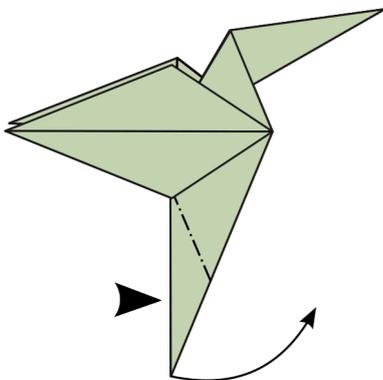

STEP 18: Lift the bottom flap. Place a finger under the first layer and gently separate the layers. Push on the left edge and squash fold.

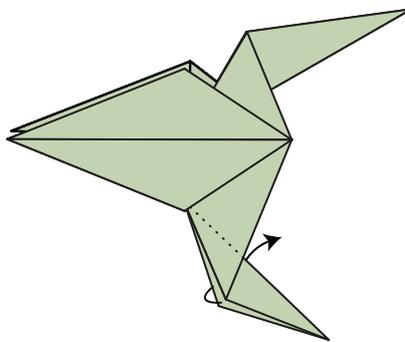

STEP 19: Repeat Steps 17 and 18 on the other side.

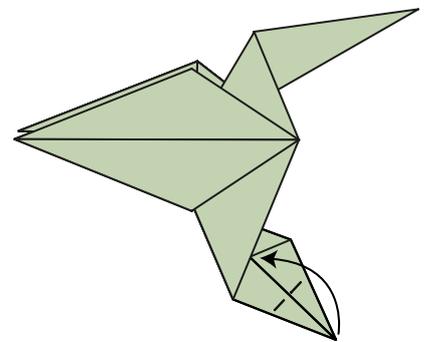

STEP 20: Fold the bottom corner to the right. Start your crease where the wing and body intersect. Crease well, then unfold.

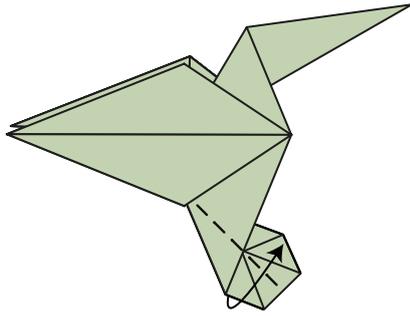

STEP 21: Inside reverse fold along the creases you just made to form the tail.

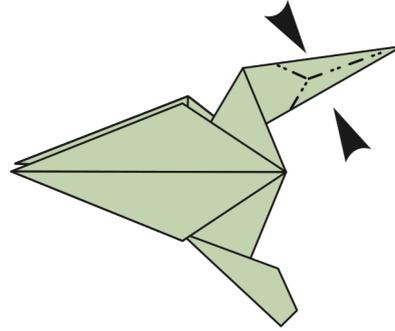

STEP 22: Fold the flap at the back of the tail upward.

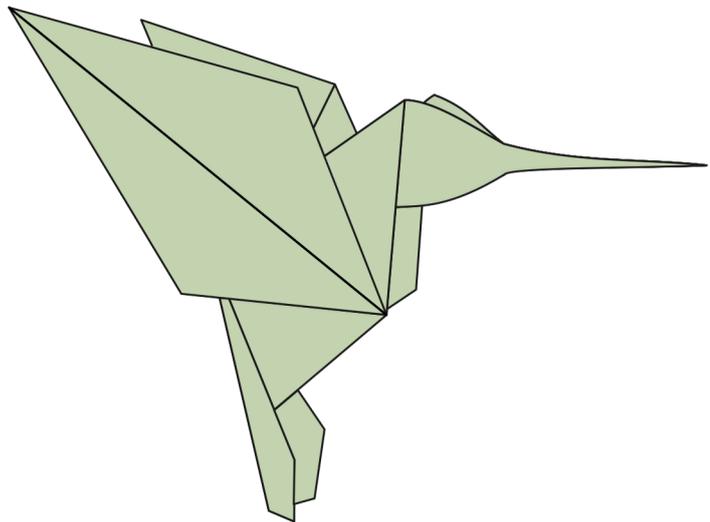

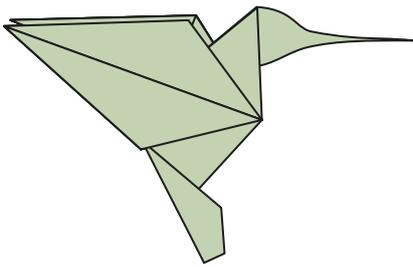

STEP 23: Fold the bottom corner up to the point where the layers intersect.

STEP 24: Fold the tail in half from bottom to top.

STEP 25: Pinch the head area to shape the beak.

The completed origami hummingbird!
